Pass That Bottle To Me

Submitted by Chris Capshaw

What can be more fun than cruising in your Corvette? Why, cruising with a bunch of friends in a bunch of Corvettes on a Wine Country Cruise. On July 15th, sixty-seven club members and friends loaded up twenty-nine Corvettes, and three non-Corvettes and cruised to Palisade, Colorado, deep in the heart of Peach and wine country. On day one, most of the group cruised together and stopped for lunch at the Palisades Restaurant in Gunnison. The owner loved seeing the Corvettes, and even had parking spaces reserved for us. Only scenic highways were selected for the route, and just when you thought it couldn't be any more beautiful, you would round a curve and see more beauty. Upon arrival at our motel; appropriately named the "Wine Country Inn," we found the swimming pool was being put to good use by those of our group who chose to arrive a day early. On the second day, everybody was free to go explore wherever they wished. Most went on a cruise of the Grand Mesa, then lunch in Delta, and finally a visit to the Gateway Auto Museum. The museum is something everybody should have on their bucket list. Other participants elected to play golf or do a wine tasting tour. After the day's activities were concluded, just about everybody assembled at Dos Hombres Mexican restaurant for dinner and to exchange stories. Brent & Caryn Renholm were the lucky recipients of a raffle prize, which turned out to be a free night at the motel. Sadly, day three was the day everyone had to start back home. Some chose to take their own route, while most chose to cruise as a group. Lunch was in the small town of Red Cliff at Mango's Mountain Grill. It didn't matter where we were, or what we were doing, the Corvettes drew a lot of attention wherever we went. The group received many waves and thumbs up. People even sped by us as we were cruising, only to pull over, and whip out their cameras before we passed them by. A great weekend of fun.

Cheers to another wonderful Chris Capshaw Cruise!!

Thank you
Chris!

Daniels Long Charity Corvette Show

Submitted by Chris Capshaw

On a hot August Saturday, the 13th, eighty-one Corvettes assembled at Daniels Long Chevrolet, for our annual charity Corvette show. Temperatures were high, as was the excitement level of the participants. All Corvette series were represented, and the year range was 1954 to 2022. Thirty-two trophies were awarded to the winners, and a special trophy was presented to Mike Neufeld for being named CSCC's Most Valuable Member. The show raised \$2,400.00, which will be matched by our club, and Daniels Long Chevrolet. This means the Foundation for School District 11, will receive \$7,200.00, which in turn will go to two auto shop programs. This show could not have been as successful as it was, without the many volunteers who helped make it so. Too many to mention, but they know who they are, and their assistance is greatly appreciated. Lucky number 13! That was the number in attendance at the July 28th ladies lunch.

Some got reacquainted while others were meeting for the first time. We learned new things about each other (had some laughs) and as the saying goes "What happens at lunch stays at lunch." Thanks to all of the ladies that came out: Debbie H, Nancy R, Winnie B, Jeanne U, Alta O, Joanne S, Susan U, Diana D, Denise P, Jane C, Barb H, Diane W and Peggy F.

Our Club's Community Service Project – Highway Beautification

Submitted by Chris Capshaw

For many years CSCC has been giving back to our community by keeping a section of US Highway 85/87 clean. On Saturday, July 30th, 13; yes I said 13, stalwart members of our club gathered to complete the project. Weather was great and so was the camaraderie of the group. The project took longer than usual because only 4% of our club participated, but those who did got it done, and came away with the gratification of knowing they helped our community. Many thanks are offered to: Gary Walters, Joel Midkiff, Tom Taylor, Jordan Uzzo, Calvin Helus, Tom Phillips, Pete Olejnik, Jason Jensen, John & Colleen Williams, Chris and Jonathan Capshaw, and special thanks to Roger Miller, who drove all the way from Canon City to participate.

Get to Know Your Fellow Members

An Interview with Rick McGuffin

by Diana Dittman

How long have you been a CSCC member? **Since July of 2021.**

What Corvette(s) do you currently own? **A 2013 Crystal Red Grand Sport 60th Anniversary Edition Convertible with Cashmere interior. Rick previously had a 2013 60th Anniversary Edition, but with black interior. Unfortunately, he was rear ended by a pickup truck while at a stop light and the Corvette was totaled. (The man who hit him was having a diabetic seizure). Seventeen days later Rick flew to Atlanta, Georgia to look at another 2013 (this time with the Cashmere interior). He bought it and drove home. Rick also owned a 1989 and a 1994.**

Marital Status? **Rick and Debbie have been married (this time) for 19 years. They were also married from 1970-1977. In this case, second times a charm!**

How did you meet? **They met at a bowling center in Silver Springs, Maryland. Debbie was tending bar and Rick was bowling. Rick says it was love at first site! They hit off, dated for six months, and then got married.**

Where are you from? **Rick was born in Washington D.C. and lived in the surrounding suburbs until he joined the Army at 24 years old. Debbie grew up in Frostburg, Maryland.**

Employment? **Rick joined the Army in 1974 and retired as a Chief Warrant Officer and helicopter pilot in 2001. Rick was stationed in Germany for three different times (in Pirmasens, Schweinfurt, and Fulda). He also spent time in Carlisle, Pennsylvania, Fort Rucker, Alabama, Fort Campbell, Kentucky, Fort Pope, Louisiana, Fort Bragg, North Carolina, and Fort Carson, Colorado. While at Fort Campbell Rick became an instructor pilot starting in 1983. After retirement from the Army Rick flew helicopters for Flight for Life for 17 years out of Denver, Pueblo, and his last ten years in Colorado Springs until he retired (again) in 2018. Debbie went to business school and became a Paralegal. When their son was born she was a stay at home Mom.**

Kids? **Rick and Debbie have one son together. His name is Richard. He is a retired Navy Chief Petty Officer and lives in Groton, Connecticut with his family. Rick says he was a submarine guy. Debbie has two daughters, Tiffany and Melissa who both live in Falcon. Rick has another daughter, MacKenzie, who lives in Fountain. There are 10 Grandkids ranging in age from four to nineteen. Rick says, "We are one big extended family."**

Pets? **None.**

Favorite club activity? **They enjoy the car shows and rallies. Rick also volunteers his time at the autocrosses.**

Hobbies? **Rick and Debbie are avid bowlers. He bowls three times a week and is in a league. Besides bowling Debbie enjoys watching their grandkids soccer games.**

What is the best vacation you ever took? **While visiting family in Orlando they went to all the tourist attractions including Disney World and Universal Studios.**

What is your dream corvette? **"The one that I own, " Rick says. He did search for the color combination that he really wanted which was the crystal red with the Cashmere interior.**

How did your love of Corvettes come about? **When he came back from Germany (the first time) he was single and had always wanted a Corvette. So, he thought now is the time and bought one.**

Anything else that you would like to add? **He has enjoyed getting involved in the club and meeting the members.**

Thanks for the interview Rick.

NCM Patriotic Artifact & Motorsports Park Update

July Artifact of the Month To celebrate the Nation's birthday and the best of being American, the Museum chose a sweater worn by John Greenwood, owner of the engine building business ARE (Auto Research Engineering). Corvette race car owner and driver in the late 60s and 70s, John was a 2018 National Corvette Museum Hall of Fame (HOF) inductee, along with brother Burt.

During the 70s, the US was deeply polarized over a wide array of issues. John wanted to put together a paint scheme for his Corvette racers that might unite people and remind them that we were all in this together. He called his friend, GM Designer, Randy Wittine saying he wanted his Corvettes to be flags! Wittine provided several sketches, including the flag tribute "Stars and Stripes." The first Corvette red-white-blue scheme debuted in August 1970, and was carried on through other Greenwood cars, including the famous wide-body Corvette racers.

The wide-body Corvettes (cars #48, 49 & 50) debuted in the 1974 Detroit Autorama wearing the Stars and Stripes livery. The wide-body design was a result of collaboration between Greenwood and several GM insiders including Zora Arkus-Duntov (HOF1998), Jerry Palmer (HOF 2000) and Randy Wittine (HOF 2005).

A gift from his wife in 1970, the sweater was worn by John to racing events, where his fashionable take on Greenwood Corvettes' patriotic scheme turned heads. Burt said people began calling John "Captain America," as the stars & stripes theme reflected his undeniable pride in being an American. John passed July 7, 2015, but he and his brother will always be remembered for their Star-Spangled Sports Cars.

John's sweater was donated to the Museum by his friend Rick Mancuso, driver and owner of a wide-body Greenwood Corvette.

Motorsports Park (MSP) Update The Museum recently announced plans for a \$2.4 million improvement to the MSP. Museum President and CEO Sharon Brawner said that the improvement and amenities will take the world-class racing facility to the next level. With input from Corvette Racing, the improvements include a reconfigurable track layout. Amenities will provide track participants, observers and guests exceptional experiences, along with making MSP the foremost racing and karting destination in the Southeast.

The MSP will remain open during construction, expected to be completed by early 2024. The *Holley Tower* expansion includes a rooftop bar, expanded observation deck, additional classroom space, event rental space, fully-operational catering kitchen, redesigned guest check-in and retail area, and state-of-the-art amenities. The *Kimberlee A. Fast Pavilion* will offer quick-service dining with diverse menus, fully operational kitchen, expanded viewing for spectators, and track-side patio with seating.
