50th Anniversary Invitations

Invitations for the Colorado Springs Corvette Club 50th Anniversary banquet, scheduled for September 15, 2012, will be mailed to members by May 15th. It may seem early, but the early deadline is necessary to make sure all members wishing to attend get first chance.

The deadline for members to reply with RSVP and payment is June 15th. Please feel free to bring your reply and payment to the June 7th meeting or drop it in the mail.

After we have a count of CSCC members attending, then we will know how many seats are available for guests. If we have limited seating, guests that are past members with current and active involvement with Corvette ownership and/or event participation will have priority. After that count, if seats are still available then it will be on a first come first serve basis.

Limited seating may be a non-issue, but to be fair, we felt it best to lay out the plans for dealing with it prior to confronting the issue. The Committee is working hard to make this a fun and memorable event. Be watching for your invitation.

Co-chairs – Larry and Gwenda Valentine

In Memory of Herb Thompson
12-1-1942 to 3-17-2012

Former CSCC member Herb Thompson passed away on March 17, 2012 after a long battle with cancer. Herb leaves behind his longtime girlfriend, Karen Lockwood, and five children. He worked for IBM and Lockheed Martin and retired in 2002. He will be missed and we are blessed that we knew him through the club.

St. Patrick's Day Parade

CSCC participated in the Colorado Springs biggest event of the year – the Saint Patrick's Parade. Ed Redlin organized the parade, however, because there was a limit on the number of cars, Ed could not be in the parade. Thank you for organizing this, again. The weather was beautiful, enabling a LARGE crowd – more than 30,000(?). Dick Straus, and Patti Swindale pictures made The Gazette. Afterwards, we met at Meadow Muffins for a roaring good time. I now have a new drinking buddy – Nancy J

Governors Corner

This article continues the auto-cross discussion. The venue is usually in a parking lot, varying in size. Typically, the smaller sites offer more complex courses. Other kinds of sites are actual tracks – Go Cart Track, Colorado State Patrol Track, and the track in La Junta. Cost varies from $30 to $75 and is driven (pun intended) by the host. Parking lots are generally less expensive than tracks. The course is marked by cones so that if a cone is hit no damage is done to the vehicle. The course is laid out to provide an exciting racing experience and most importantly, a safe experience. Sometimes it is difficult for the driver to determine where to navigate so some clubs mark the course with flour (CSCC, TORCA). Modifications to the vehicle are not required; however, modifications will cause the car to be put into different classifications. For example, replacing street tires with racing tires will put the car into a different class. Some modifications may require additional safety equipment. A course takes from 30 to 90 seconds – yea, pretty short, but it is an adrenaline pumping, nerve racking, *intense* 30 to 90 seconds, measured in thousands of a second. Usually, there are 2 to 3 races in a day, and each race usually has from 2 to 4 runs. This is broken into two heats so that half of the attendee's race while the other half work the course. Yes, you will be expected to work, normally watching the cars and picking up cones when one is moved.

This is one of my favorite type of events. I'd recommend that you give it a try.

NATIONAL CORVETTE MUSEUM

At the April 2012 CSCC meeting, I discussed the VIP tour of Corvette Assembly plant in Bowling Green, Kentucky. Since attendance was somewhat low, I thought that I should put the information in the May newsletter. Hopefully someone reads the tomes that I write. If you are going to be in the Bowling Green area on vacation or for other reasons, I suggest that you take the Corvette Assembly plant tour. The plant will be closed to public tours as of Friday, September 14, 2012. GM is closing the plant to begin the $131 million upgrade. GM has not announced when the plant tours will resume. VIP tours at last from 3 to 5 hours and include both the assembly plant and the NCM. The VIP tours are more in-depth and include portions not available on the regular tours. VIP tours cost $250 for up to 4 people.

In 2011, the NCM had 390 people volunteer who logged more than 6,600 hours. Had I not volunteered to serve breakfast at the Assembly Plant at 5 am, there would have only been 389 volunteers. Many of the volunteers are from Corvette Clubs that make the journey to Bowling Green as a club event.

Raffle tickets for the 2012 Torch Red Corvette convertible have been returned to the NCM. I expect to have tickets for the next raffle by the May meeting, but I do not know what Corvette is being offered.
