January Meeting Minutes

The January meeting was called to order at 7:00 p.m. by President Vicki Ury.

No guests were introduced by Jeff Scott. He had an easy night with also no new members voted in.

Treasurer's Report Paul Thompson reported on the current funds available. While the 2016 Member Roster is ready for distribution, Paul reminded everyone that the online Member Roster is always the most up-to-date. Please send any updates to him so we can stay current.

December Meeting Minutes - The December meeting minutes were approved as printed in the January newsletter.

New Cars - Upgrades & Misc News -

Vicki Ury gave an update on club members that have either been ill, or in accidents. **Derek and Dede Shibe** were hit in a head-on collision in their truck in December. Although they are up and around, they are still recovering from injuries and the inconvenience of such a horrific accident. I do think I heard Derek put in a plug for the Chevy truck that protected them from worse injuries.

Winnie Bochnak was hospitalized with pneumonia and still struggling to recover. **Mike Dittman** crashed while riding his mountain bike, resulting in hip and pelvic fracture. He is to be laid up for awhile. On a positive note, **Terry Darby** was representing the family at the meeting, while wife **Susan** was on baby watch at home, waiting for a phone call announcing birth of first grandchild. Gwenda Valentine shared **Pete Olejnik's** news of a 1992 Corvette for sale, 35,000 miles with asking price \$10,500, owned by previous member Bill Davis. Contact Pete for more information. **Jim Mesite** had the Bose speakers out of his 1992 reconditioned by Bose. While pricey, it was worth it.

Past Event Reports - See articles, results and pictures of most events represented in the newsletter. In the absence, due to weather, of several key people on the agenda, Vicki Ury reviewed our most significant past events.

Christmas Basket delivery went well. However, while there were plenty of people to fill the baskets, more drivers were needed. Some club members were real troopers, taking up to 11 baskets, and some coming back for more. Just a few stragglers that were not deliverable as intended, but all went to needy homes.

Christmas Party was well attended and a great venue. Vicki thanked Tom Hoepfner

for the year-end video that captured so many members having fun throughout the year in their Corvettes. Continue to send pictures to Tom Hoepfner for 2016 memories.

Merchandise Update - Rick Prescott reported a few more sweatshirts available, but limited sizes.

2016 Member Roster - The 2016 Member Rosters were distributed to those present at the meeting. Rosters will again be available for pickup at the February meeting. Those remaining will be mailed after the February meeting. Gwenda Valentine pointed out that new members joining during the year are listed and updated monthly in the "Printed Roster Supplement", available online and can be printed in same booklet format and inserted in the 2016 Member Roster.

Upcoming Events - Check the Events Calendar on the webpage for specific information, updates, and online registration.

CSCC Autocross Timing Training - January 16th, 5:00 p.m. at Walt Jenkins';

CSCC Dub Bridge Party - Saturday January 23, Winnie Bochnak

Rocky Mountain Region Update - Saturday **March 12** RMR regional banquet and awards for point winners. Whether a point winner or not, it is fun to just be there as a club. Watch for more information as available.

RMR Host to National Convention - 2019

Whaaaaat?!

Well, it is in the discussion stages.

Colorado has been host three times to the National Convention - in 1979, 1999, and 2009.

So, keeping up the tradition, 2019 is the target. Denver is probably slated for the 2019 application request. The regional clubs will be discussing in the near future, with a due date in 2017 for a formal request submitted. It is an exciting prospect, but a huge endeavor requiring a lot of club members to commit help in some capacity. Stay tuned, and join in the conversation.

Speaking of Convention - The 2016 Convention is in Omaha, NE - Just a hop, skip, and a jump away. Walt Jenkins has volunteered to be the coordinator of CSCC members planning to attend this year's convention. Did I mention it is just a hop, skip, and a jump away? Specifically, about 8 hours travel time. That is doable. Several have already indicated they are planning to register. If you ever wanted to go to a National Convention, this is the year. Check out the Convention flyer in this newsletter, and if viewing online, click for online video, schedule, and registration information.

The slate of 2016 scheduled events -

Thank you, thank you, thank you for those already signed up for chairman, or co-chair for our sanctioned events. Just a reminder, Vicki Ury gave members a homework assignment last meeting to consider chairing or co-chairing a sanctioned event, or other Club event scheduled. Also, all other coordinating responsibilities are open to anyone interested in pursuing. Such as Homecoming, Picnic, Christmas Party, Color Cruise, Merchandise, etc. These should not be lifetime assignments. Visit with the person coordinating now and found out what the job entails.

Door prize winners: Brian Dahl, Mike Curry, and Liz Scott. Thanks to Daniels Long Chevrolet for the door prizes, and Roger Grace for the Corvette log book.

50/50 Drawing - Collected \$58 - \$29 goes to General Fund, \$29 won by Pat Strauch.

Good News/Bad News Suitcase -

The suitcase was returned by **Bob Balink**. However, since attendance was down, the suitcase will be held over to the February meeting so more members will have a chance at whatever surprises Bob Balink has planned.

The meeting adjourned at 7:18 p.m. and everyone pitched in to stack the chairs. That's a record!

Renewing members will find their “2016 CSCC Sanctioned Event Participation Coupon” inside their 2016 Member Roster, stapled on page 3 of the booklet.

If not at the January meeting to receive a Roster, 2016 Member Rosters will again be distributed at the February meeting. After that, rosters will be mailed.

2016 - CSCC Sanctioned Event Participation Coupon

Purpose: - Since the financial welfare of the Club is dependent on the net profits from sanctioned events, the CSCC encourages member entry and participation in CSCC-hosted Rocky Mountain Region Sanctioned events. The Club would also like to reward members for participation in past sanctioned events. The Participation Coupon helps members offset the entry fee costs of attending a CSCC-hosted sanctioned event of their choice (autocross, rallye, or car show).

CSCC Participation Coupon – Usage Rules:

Eligible Members: Primary Members renewing annually in October (which is the end of the Club's fiscal year).

Distribution: One coupon will be issued to each renewing primary member shown on the Member Roster.

Entry Fees: Participation Coupons can **only** be used to offset cost of entry fee for CSCC-hosted sanctioned events.

Transfer of Participation Coupon: Coupons cannot be transferred or pooled. Member name(s) will be listed and addressed on coupon postcard.

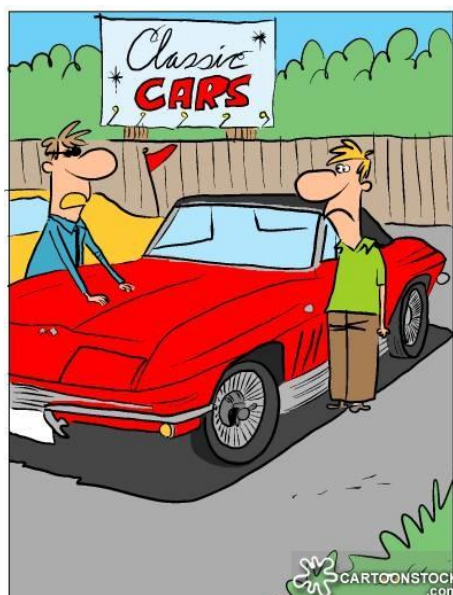

Expiration: CSCC Participation Coupons expire October 31st in the distribution year.

Restrictions: No refunds will be given for partially used coupons, and lost coupons will not be replaced.

Coupon recommendation is to be in place for 1 year, with coupon value to be reviewed annually.

I JUST WANT TO WARN YOU IF YOU BUY THIS, YOU MAY NEVER AGAIN KNOW IF PEOPLE LIKE YOU FOR YOU OR YOUR CORVETTE."

Dear Corvette Friends.

"Thank-you" so much for the flowers you sent me during my hospital stay and recovery. Also, thanks for your calls, cards and prayers.

I am truly blessed with "CSCC" friends. Please continue to keep me in your prayers.

with much love and thanks

Get to Know Your Fellow Members

An Interview with Ron and Linda Gerst By Diana Dittman

How long have you been a CSCC member? **Since 2012, almost 4 years now**

What Corvette(s) do you currently own? **Currently own a 1967 Convertible and a 2009 C6 ZO6. Have owned in the past: a 1968, 1969, and 1977**

Marital Status? **Been married for 44 years**

How did you meet? **They met at the University of Nebraska. Linda was studying to be an RN and Ron was a pre-med student. They had some classes together and dated for 3 years while going to school.**

Where are you from? **Ron was born and raised in Omaha, NE and Linda was born in Iowa and lived there, then moved to Kansas, then to Omaha.**

Employment? **Ron joined the Air Force and was a pilot for 22 years. He flew the E3 AWACS, which featured the big dome on top. He went all over the world on classified assignments. They were stationed in Texas, Indiana, Alaska, Oklahoma, Washington DC (the Pentagon) and Colorado Springs. He taught biology at the Air Force Academy for 5 years and was still a pilot during that time. There he flew the T-41 airplane for training the Cadets. After retiring from the Air Force he was a pilot for Atlas for 19 years and flew the Boeing 747's on international flights mostly to the orient and Australia.**

Linda was an RN for a couple of years when they were first married. She then was a stay at home Mom with the kids.

Kids? **They have 2 children. Jennifer is 38 and lives in Kentucky. She is a hat maker and much of her work is making hats for clients that go to the Kentucky Derby. She also makes hats for some celebrities (Lady GaGa). Heather lives in San Antonio and is a Doctor. Ron and Linda have 3 Granddaughters.**

Favorite club activity? **Ron really likes the autocrosses. Linda enjoys the social events.**

Pets? **They have a miniature Schnauzer named Lucy.**

Hobbies? **Ron's main hobby is working on his 1967 Corvette. Linda likes to travel and do crafts. They also have a cabin near Westcliffe and try to go there as often as they can.**

What is the best vacation you ever took? **They went on a Mediterranean cruise to Italy and Greece with Ron's sister and husband a few years ago. They really enjoyed the sites.**

What is your dream corvette? **They own it, their 1967.**

How did your love of Corvettes come about? **Right after they got married they had a friend join the Cornhusker Corvette Club and their interest was sparked. They ended up buying a bank repossessed Corvette that was crushed in front. It was a 1968 big block 427. With the help of club members, they got it all back together, and looking and running great. Ron and Linda were members of the Cornhuskers Corvette club for 30 years.**

Thanks for the interview Ron and Linda!

Road Safety

It bugs the heck out of me to sometimes to see drivers on an inside lane of a two-lane turn, making a left turn and drifting into the second lane, where I am. Hello!? Were you born yesterday?? I guess sometimes we get lazy and wanted to be in that lane eventually and I have that six-pack resting on the back seat so don't want to turn too sharply.

I would like to caution you about this practice if you are one of those people. I personally have seen many people run a red light. It's just a matter of timing whether you get hit or not. Try establishing a personal practice of always turning into the nearest lane, as in making a left turn onto a two lane highway; you actually give a red-light runner a place to go. Otherwise they will take you out broadside. I know, I know, that jerk behind you will try and immediately pass you on the right (you have a Corvette—and it has an accelerator and a turn signal).

Also, try and secure those packages in a way that will allow you to make a sudden stop or lane change. I had a friend whose neck was broken by a flying cooler inside the car. Just sayin'. You could also put a new water bottle on the seat (or some people prefer a helmet) at the start of an autocross and see what happens. Been there. Done that.

Museum Update: Assembly Plant Paint Shop As part of GM's remodeling/expansion project at Bowling Green, December 14th marked the beginning of construction on the new paint shop. Half the size of the current assembly plant, it will add a half-million sq ft to operations, with its first Corvette scheduled to be painted in April 2017. GM said the expansion was needed because the paint technology used for the Corvette is special due to carbon-fiber and specialized plastics, all off-the-body components. The new shop, while improving quality, will have additional spray capabilities, spray booths and automation enabling some new colors that can't be done today. Offering customers more choices, the ten colors now available will increase to twelve, and a 'tri-coat' technique promises a more fluorescent depth to the finish.

MARK YOUR CALENDAR - 4 BIG EVENTS IN 2016

Now that CSCC's making plans for the new year, I want to remind you of some upcoming events at the National Corvette Museum for 2016.

BASH The NCM officially kicks off its event season with the Bash, now known as the "Michelin NCM Bash", slated this year for April 28-30. If the tradition continues, Chevrolet will roll out the 2017 Corvette Stingray.

C4 GATHERING May 12-14 the Museum will be host to all those interested in the 4th Generation Corvette, bringing participants various activities, seminars, and info specific to the C4. A day at the new Motorsports Park is on the agenda.

22nd ANNIVERSARY CELEBRATION Marking 22 years of growth and change, the 22nd anniversary event will be September 1-3, packed with activities, and honoring these three Hall of Fame inductees:

Bob Bondurant helped validate Corvette as a world-class sports car during the early years, winning on racetracks in both the US and abroad. In 1959, he won 18 of 20 Sports Car Club of America (SCCA) B/Production races, and from 1960-63 he won 30 of the 32 races he entered. Of particular note, as one of the best at the toe/heel maneuver, he did the shifting and clutch sequences shown in the movie "Grand Prix". Today, Bob owns and operates his High Performance driving school, featuring Corvettes, in Phoenix AZ.

Ralph Kramer was one of the first Chevy executives to bolster GM support for the Corvette Museum in its founding years, helping establish connections and preserving history. Had it not been for him, the 1 millionth Corvette wouldn't be a Museum display piece today! During his tenure at Chevrolet public relations from 1973-1995, he managed the brand pace car and race engine presence at the Indianapolis Speedway.

For **Donna Mae Mims** a.k.a. "The Lady in Pink," it was love at first sight when it came to Corvette. After purchasing a brand new one from Don Yenko Chevrolet, she soon joined the Yenko/Chevrolet race team that dominated A/Production and B/Production SCCA racing with Corvette. Mims served as Manager of Hi-Performance at Yenko Sports Cars, was a freelance writer for several car magazines, and founded the Pittsburg-area Three Rivers Corvette Club. On a personal note, I watched her race her pink Austin Healy sprite at Wentzville, Mo. in the 1964 inaugural race at Mid America Road Race track. As a member of the St. Louis Corvette Club, I took several laps around the track; my '56 Vette would have lapped her sprite --- but alas, she wasn't on the track!

VETS 'N VETTES will close out activities November 3-5, as we honor our nation's veterans.
