February Meeting Minutes

The February meeting was called to order at 7:02 p.m. by President Vicki Ury. A banner identifying all of the sponsors for the 2012 CSCC 50th Anniversary banquet was offered up to the first to raise their hand. Tom Jackson was the quick response. Congratulations, Tom.

Guests were introduced by Chris Capshaw. There were 4 eligible to be voted in as new members: Don and Joanne Strode, Ed Whaley, Russ and Dee Hamilton, Todd and Sue Barnhardt. Welcome!

Treasurer's Report –Anita Smith reported on the reserve and available funds.

January Meeting Minutes – The January minutes were approved as printed in the February newsletter. Gwenda announced the scheduling of a new member meet and greet for all 2017 and recent 2018 new members. An invitation was to be emailed to all eligible.

Past Event Reports –

Larry Valentine reported on the 2nd Annual Billiards Tournament. Tom Ury reported on the Raiders of the Lost "Archives". Winnie Bochnak reported on the 14th Annual Dub Bridge Card Party. See articles and pictures of events featured in the monthly newsletter.

National Museum update – After being out of service for 3 months due to a knee replacement, Barrett Benson was back on the Museum circuit. Most up-to-date Museum news can be found in his monthly newsletter article. While he hasn't sold a winning raffle ticket to a CSCC member, yet, there have been winners in Colorado.

New Cars-Upgrades – Special News **Paul Thompson** has a new battery for his 2013 427. Racing season is almost upon us. **Lorren Loewen** laid the need for repairs and upgrades to the race car on **Laurie**, with a new timing

chain, cam, clutch, sway bar, rear link, brake pads, etc., [I couldn't write fast enough to catch everything]. Seems it is all **Laurie's** fault, but no, she claims, she doesn't even shift! Not to be out done, **Tanya Cox** has a new Dewitt Radiator, and **Doug Cox** added they also have new clutch, new drive shaft, new wheel bearings, new seat, new brakes, new suspension bushings, and new shocks. **Roger Miller** replaced the heads and has a new radiator. Let's go racing! **Kerry Ferguson** upgraded from a stock shock to the magnetic ride system that offers 3 different modes for better ride selection. The upgrade is good for all C7's. **Michael Carr**, a first time guest and prospective member, reported he had just purchased a new car – the yellow 2006 Z06 sitting on the showroom floor. Michael and **Mike Neufeld** were both smiling.

Rocky Mountain Region and NCCC Update – See "Governor's Notes" from Lorren Loewen as emailed prior to this meeting. The Rocky Mt Region Awards event to recognize 2017 competition winners in the region will be held March 10, at Carlos Miquel's in Castle Rock. Go for just the awards and happy hour, or stay for dinner and enjoy the camaraderie.

NCCC Updates: Walt Jenkins reported convention registration open February 3. After first registering for the convention, and with convention registration number in hand, hotels for the 2018 NCCC convention in New Orleans will open for reservations after Feb14. He advises early reservations. Check out the convention website.

Timing Team – Need Techies – Walt is putting together an expanded timing team for the Club autocrosses. It does require technical expertise. The Club owns our timing equipment, training will be provided. Contact Walt Jenkins if interested in more information.

Upcoming Events –Check the Events Calendar on the webpage for even

Thank You

1/5/18

Hi CSCC members,

I wanted to send a huge thank you to you all for setting up and donating to the auction for my dad, Vance Davis. He was a member of the club many years ago and I have many fond memories of participating in car shows, rallies, board meetings, and other annual club activities. Our family met many wonderful people through this club and I know it brought my dad a lot of joy, friendship, and meaningful connections. I am amazed by your kindness and generosity. We truly appreciate having the club's support and I'd like to give special recognition to Diana + Mike Dittman, Pete + Aita Olejnik, and Nick Renfro for the extra support.

Sincerely, Viviana Davis

Trip Organizers will set up an email group of those expressing interest. Future communication regarding individual trips will then be through the specific trip email group.

Raiders of the Lost Archives Open House, January 18th

by Vicki Ury

Charlie Boland, CSCC member, took meticulous care of the Club's archives for decades. He stored banners, scrapbooks, slides, trophies, and awards in vintage suitcases. Shoot, the suitcases are a treasure in and of themselves. Upon Charlie's passing, Larry and Gwenda Valentine graciously volunteered to be the keepers of the CSCC Archives. Thank you – the memories are in good hands.

So let's talk about the archives! The Valentine's thought we needed to share all that Charlie had kept, so the Ury's volunteered to host an open house to display all of the goods. Little did we know all that we would see.

30 and 40 year old photos of Club members with long hair and long beards,
 Corvettes racing on dirt tracks and roads,
 Pictures of hilarious Halloween parties,
 Club minutes kept in bonded ledgers,
 Judy Nile's 30 year old dip – at least the recipe is 30 years old – she said that it was the 'go to' for Club functions back in the day,
 And so much more.....

Some came to reminisce, John Gue thought it was a memory test, some were just curious, but all who attended truly enjoyed the blast from the past. JD Southwell, Dick Stauch, Jerry & Denise Phillips, Johnny Harris, Jim & Judy Nile, Bud & Anne Silvers, Chris & Jonathan Capshaw, TJ Larson, Rick Prescott, Tom Jackson, Winnie Bochnak, Larry & Gwenda Valentine, Tom & Vicki Ury, Curtis Haynes, Rick Mendoza, John Ames, Luther & Janet Benson, John Gue, Bruce & Judy Unger.

14th Annual Dub Bridge Card Party

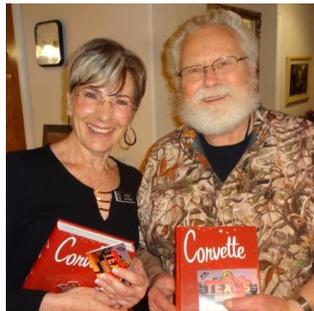

After an hour of munching and visiting, we all drew numbers and found our respective table. With a score-sheet in hand, each made their way either staying put or moving forward to the next table depending on their luck at each table. Thanks to Mike & Winnie for hosting the fun evening, and Wally & Joann Bochnak for opening their home to us. As always, a good time was had by all.

Attending: Mike & Winnie Bochnak, Pete & Alta Olejnik, Bud & Anne Silvers, Melvin & Patti Swindale, Jacob & Alice Lester, Jerry & Denise Phillips, Dave & Phyllis Ury, John & Colleen Williams, Tom & Vicki Ury, Larry & Gwenda Valentine, Walt & Nancy Jenkins, Steve & Anita Smith, Bruce & Judy Unger, Barb Hoepfner, Dick & Pat Strauch, and John Ames, and former members Jessica and Jeremy Eldridge.

1st Place: Pete & Jessica

2nd Place: Alice & Dick

Losers!: Nancy & Jeremy

Get to Know Your Fellow Members

An Interview with Don and Cindy McCoy

by Diana Dittman

How long have you been a CSCC member? **Since April of 2014**

What Corvette(s) do you currently own? **A 1970 coupe**

Marital Status? **Been married for 46 years**

How did you meet? **They met their sophomore year at Wheat Ridge High School. Don had broken his nose playing football and Cindy had a cut in her eye. Cindy was walking out to her car in the parking lot, Don saw her and asked her about her eye injury. Then Cindy asked him about his injury. They talked and then Don asked Cindy to a poster party (making signs/posters to hang up in the school). *I had to ask what a poster party was.* They then went out to Scotchman's for a cinnamon coke. (*Scotchman's was like a Sonic*). *Cindy was a cheerleader and Don a football player so this is a TRUE high school sweetheart story.* They will celebrate their 47th anniversary this year!**

Where are you from? **Don was born and raised in the Denver area and Cindy is from Monte Vista. They did move to New Mexico for a few years, but came back to Colorado and now live in Silverthorne.**

Employment? **Since 1980 they have owned 4 stores in Keystone and Copper Mountain. They include the General store, Kids Cabin with On the Edge, McCoy's Mountain Market, Cures and Curiosities.**

Before that, **Don had a cabinet and antique shop for 10 years in Denver. Cindy is an oil painter and does landscapes and portraits.**

Kids? **They have two daughters. Angie lives in Atlanta with her husband and is a homemaker. Kim lives in Norfolk, VA. She works for a non-profit company, The Virginia Arts Festival. Don and Cindy have three grandkid ages 16, 13, and 12.**

Pets? **A Schnauzer named Baxter.**

Favorite club activity? **The autocrosses. They also like the rallies, but they say they never do very well. They enjoy the Christmas party and they host an annual 4th of July barbecue during the Keystone Corvette event.**

Hobbies? **They both water ski and snow ski. Don plays golf and does creative woodworking. Cindy does her oil painting.**

What is the best vacation you ever took? **They have been to Lake Powell (probably close to 50 times) on a houseboat and with their ski boat. They also had a great trip to Europe, Scotland, and England. They have been on Disney cruises with their Grandkids and had a lot of fun.**

What is your dream corvette? **Don's is his 1970, but he really likes the new ZR1. Cindy says the C7's are amazing.**

How did your love of Corvettes come about? **Since Don was a kid he always loved Corvettes. As time went on, he admired them, but could never afford one. Eventually that changed with the purchase of the 1970.**

Anything else you would like to add? **Don and Cindy enjoy the club and the camaraderie. They have met some wonderful people.**

Thanks for the interview Don and Cindy!

Does your car have gas?

I'm always trying to feed my Corvette the best food available so it will grow up strong and stay healthy. Kidding aside, there are things in your gasoline that don't play nice. I'm talking about Ethanol blended fuels. Your Corvette probably should run on premium fuel, or in this state, 91 Octane. Our fuels are blended with ethanol to keep the government happy primarily, and it has created a new farming industry, whether we wanted it or not.

Ethanol, made from corn, tends to affect things like your carburetor gaskets, and all other plastic and rubber components in your fuel system, especially if it was around before ethanol—like those early Corvettes. You'll notice corrosion of nozzles and hardening of the gaskets in your carburetor. Not just your car, but your weed trimmer and lawn mower carburetor will suffer an early fate.

According to my calculations, you lose about 8 or 9 percent of your car's engine performance when using a 10% ethanol blend, which means less gas mileage. Drivers who use the E-85 gasoline lose around 20% on mileage and performance.

There are people out there who swear that ethanol causes gas to age or deteriorate early. I'm talking as early as 60 days. I think that's really extreme and it's not that bad at all. You can tell if your gas has gone bad by its odor, which gives off a rotten smell. I'd be concerned after a year or more without a stabilizer added. So now, you're saying to yourself: How can I get my mittens on some of that good gas? Well, there are solutions out there, and it's changing daily with the demand that's getting stronger. At last count, there were 50 gas stations in Colorado that sell ethanol-free premium gas. Problem is, there's only one in Colorado Springs, Chief Petroleum. There are stations scattered all over the state, so having a list of where these stations are might just get you to where "most" of your fill-ups are of the good stuff. Look at the web-site Pure-gas.org. You can look at all of the stations, what they sell, octane-wise, and print it out for your glove box. They sometimes have a Google map working showing all the stations.

Buying ethanol-free gas from these stations creates demand. Business people are smart—they will build or stock more stations that are ethanol free, so it helps all of us in a small way when you buy this ethanol-free gas.

By the way, I'm looking for people to sponsor a garage night. Subject matter could be anything from detailing, scratch removal, clay barring, or fluid changes. We supply the expertise; you supply the facility. If you have a particular interest in one of these activities or any other, drop me an email—I don't get much feedback to this column.

If you would like to write an article, or have suggestions for one, contact me at tfury@comcast.net.

MOTORSPORTS PARK & BARRETT-JACKSON

MOTORSPORTS PARK The National Corvette Museum is now offering a "101" High Performance Driver's Introduction (HPDI) on-track program at its Motorsports Park (MSP), beginning March 10, 2018. The premise is small, concentrated groups cycling between a Lead/Follow on-track program paired with classroom sessions, as well as teaching basic techniques in performance driving. Covered in the curriculum are:

- Basic car control
- Breaking down the corner – turn in, apex, track out
- Passing procedures
- Corner stations, brake markers, pit in/out signs
- Vehicle tech requirements
- Flags

The cost is \$225 for the 32 available spots. Bring your own car (any mechanically sound vehicle); passengers will not be allowed in student vehicles. If you are interested contact Matt@motorsportspark.org

Race Driver Andy Pilgrim has joined the MSP team. He will be involved with driving courses, one-on-one coaching, and speaking segments on safe driving habits. Andy joined the Corvette Racing team in 1999 and has a long history as an instructor at the MSP high performance driver's education events. He was inducted into NCM's Hall of Fame in 2012.

BARRETT – JACKSON GM and Chevrolet offered two first retail-production Corvettes for auction at Barrett-Jackson on January 20, 2018, raising \$2.325 million to benefit military veterans.

First on the auction block was a limited edition 2017 Carbon 65 coupe, signed by President George W. Bush, purchased for \$1.4 million by John Staluppi, owner of Atlantic Automotive Group. The proceeds will benefit the Bush Center's Military Service Initiative to ensure that post-9/11 veterans make a successful transition to civilian life.

The 2019 ZR1, the most powerful Corvette ever built, was bought for \$925,000 by 2015 NCM Hall of Fame inductee Rick Hendrick, chairman of Hendrick Motorsports. Proceeds will benefit the Stephen Siller Tunnel to Towers foundation supporting wounded veterans through the Building for America's Bravest program.

NOTE I will have tickets at the March CSCC meeting for a 2019 Black Corvette convertible to be raffled by the NCM at the Michelin Bash on April 28. Each ticket costs \$10 and supports the Museum's daily operations.

Email Etiquette

Please keep content specific to Club related items or events. Not for personal use. The By-laws state "Misuse of the CSCC website, website email, or distribution email, will not be tolerated and may result in club probation or expulsion. Feel free to set up your own "group" for willing member participants for non-Club related content.

Refrain from using the "Reply All" function when you are replying to an email. Only reply to the person sending the message, unless specifically requested to "Reply All". Help keep the unnecessary responses to a minimum.
