CSCC Christmas Gift Cards

By Brent & Caryn Renholm

The school year is off and running, the Homecoming parades are over, and the days are getting shorter. But you know what that means—it's my favorite time of year! Santa is checking his lists, the reindeer are getting ready, and the holiday season is just around the corner.

And with the holidays approaching, it's time for one of the most meaningful traditions our club has—the Christmas Gift Card Program!

Every year, our Corvette family comes together to help local families who may be facing some very difficult circumstances. This program is truly a reflection of who we are as a club and as a community.

This year, we will be helping 125 families from 14 different schools in our area.

The schools provide us with the names of families who could use a little extra help during the holidays. Their staff and social workers know these families personally and see firsthand the challenges they are facing. Because of your generosity, we are able to step in and bring some much-needed Christmas cheer.

Our club provides 99% of the funding for this program, with a small amount coming from the schools where we volunteer for homecoming events. That makes every donation from our members incredibly important.

CUTOFF FOR DONATIONS IS NOV 13TH

<u>How You Can Help</u>

There are several easy ways to make donations:

With your renewal: Your renewal letter will include a section where you can make a contribution.

At a club meeting: You can make a donation to our club treasurer at any meeting through November.

By mail: You can send a check made payable to Colorado Springs Corvette Club.

No donation is too small. Every contribution adds up and helps make the holidays a little brighter for a family in our community.

For me, this program is especially meaningful because our club has been doing this for 45 years. Think about that—45 years of Corvette members coming together, year after year, to help families in need.

That is something we should all be incredibly proud of.

We truly love being part of this community service and being able to work alongside all of you. It warms my heart every year to see what we can accomplish when we come together as a team. The cars may be what brought many of us together, but it's the people and the friendships—and the difference we can make—that make this club so special.

Let's make the 2026 Christmas Gift Card Program our biggest and most successful year of giving yet!

Thank you for your generosity, your continued support, and for being part of such an amazing Corvette family.

Also, If you are part of the Christmas gift card committee, Caryn and I welcome your continued help and

If you would like to help and are not part of the committee then please let us know.

Merry Christmas and thank you for helping us make the holidays brighter for 125 local families.

Fall Colors Cruise a Scenic Success

Story & Pix by Jeff Scott

Members of the Colorado Springs Corvette Club enjoyed a beautiful Fall Colors Cruise on Saturday, October 10, 2026, departing from Rudy's BBQ and traveling through some of Colorado's most scenic mountain communities. Seventeen Corvettes and approximately 32 participants made the journey through Woodland Park, Divide, Victor, Cripple Creek, and Florissant, taking in the spectacular display of autumn colors along the way. The changing aspens and mountain landscapes provided a stunning backdrop for a day of fellowship and Corvette cruising.

The event was a great success, with members enjoying perfect opportunities for conversation, sightseeing, and photography throughout the route. After completing the cruise, about half of the group gathered for lunch and continued the camaraderie, while others headed home after the drive. From all accounts, everyone had a wonderful time and appreciated the chance to spend a beautiful fall day behind the wheel, enjoying both the mountain roads and the vibrant colors of the season.

HIGHWAY BEAUTIFICATION PROJECT – FALL EDITION

Story by Tony Bruszewski
Pix by Gerry Turner

A really big thank you goes to all the club members that volunteered for the Fall Highway Beautification effort in Fountain on Saturday, October 17th.

The weather was crisp and cool but warmed up quickly! We had 21 volunteers, with 8 Corvettes on the lot, allowing us to complete the job in a little less than an hour!

No real cash was found this time, and the only snag was missing the mowing being done by CDOT again.

It was a very successful event, with numerous bags being filled, and only a few body parts collected … auto body parts!!!

Looking forward to the Spring version!

Thanks again, Gary and Tony in March 2027

Pagosa Springs Weekend Was A HIT!

Story & Pix by Alta Olejnik

With 17 participants attending the trip. A happy hour on Friday evening to kick off our time together included celebrating a birthday with a cake to feed 48 people! Yay, cake for the entire weekend! Saturday morning, several of us enjoyed watching the 30-35 balloons launch, with many of them dipping the basket in the river, shortly after lifting off. After the balloons, several ventured to the casino in Ignacio and were very lucky, coming back with extra cash. That evening a group dinner was enjoyed at a Mexican restaurant. Both nights included lots of laughter and competitiveness, playing cards. Overall, everyone seemed to have a relaxing time, enjoying friends.

Latigo Winery Tasting Party

On a warm and sunny Fall afternoon 23 CSCC members and guests gathered at Latigo Winery in Black Forest on October 23rd.

Many sampled flights of their different varieties of wine offered. While others enjoyed glasses of sangria, mead, and cider..

Ciao Down food truck also offered some tasty fare.

Friendly conversations, beautiful Corvettes in the parking lot, and flowing wine...Can't beat that.

Thanks go out to Owners Ben and Lisa Nelson for helping to set this up. And a huge thanks to all CSCC folks who joined in for a great time.

HOMECOMING PARADE

2026 Wrap Up

This year, the club supported 6 homecoming events for five schools (Falcon, Palmer, St Mary's, Discovery Canyon, and Coronado) in just under four weeks. There were 26 volunteers driving 41 Corvettes.

All of the schools expressed their gratitude for all the support from the club. Many of the drivers enjoyed some social time before or after each event.

The schools' donations to the Christmas Gift Card Fund total $2140 of which The Widefield School District (Mesa Ridge) donated a noteworthy $1000.

A huge “Thank You” to all of the volunteers for their support of the homecoming events and our Christmas Gift Card Fund. The success of the homecoming events couldn’t have been accomplished without all of the dedicated volunteer drivers and their Corvettes!

Here are the homecoming heroes for 2026: Bob Balink, Todd Barnhardt, John Cantu, Tim Collins, Scott Cronk, Terry Darby, Roxann Dearman, Todd & Jodi DeSchepper, Mike & Diana Dittman, Joe Lopez, Joe Pellegrino, Kimberly Peterson, Jerry Phillips, Rob Sanders, Colleen Sanford, Dan Selman, Gerry Turner, Gary Walters, Frank Walters, Jay and Tanya Whalen, John Williams, and Jeannie Zaccagnino.

And a special thanks to Todd and Jodi DeSchepper and Kimberly Peterson for coordinating the Falcon and Palmer events in my absence.

S'NO FLAKES RALLYE 2026

There was a slight chill in the air on Sunday, November 8th as Corvettes arrived at Black Bear Coffee for the S'No Flakes Rallye. By the time registration was finished, the day had warmed up for a competition which pitted participants against clues which would send them through roundabouts, over hills, and throughout the countryside.

Drivers and navigators had to follow the route and hunt for clues, which had to be scribbled down while on the move. Many clues turned out to be animals such as bears, deer, otters, horses, and geese. Several teams struggled with identifying Fountain as an All-America City, not an All-American City and catching all five Cheyenne Creek signs. While we can only imagine the arguments in each Corvette, everyone finished without panicking. After a couple of hours, most competitors found the 2 parachute signs, which was fitting as they soon pulled into the parking lot of The Airplane Restaurant. Participants enjoyed burgers and beers as they waited for scoring to be completed.

Finally, the winners were announced. We awarded trophies to Rob and Trish Sanders for the best scoring rookie team. Third place went to Roger Miller and Rick McGuffin. Second place was awarded to Ron and Charlie Bauer. First place went to Pete and Cindy Urenda. High praise was given for the trophies, which were snow globes with a plaque and a photo of the winner's car inside.

Thanks to all the volunteers, Pete Hoffman, Tony Bruzewski, Rick McGuffin, and Roger Miller. I would also like to thank Indigo Enger in absentia, she was unable to be at the rallye but helped with designing the route and the clues. My greatest thanks go to my wife Lisa Enger, who helped with every step of the rallye, from design to implementation. I couldn't have done it without her. Finally, thanks to all the people who spent their Sunday puzzling out our creation. You made it worth the effort.

VETERANS DAY PARADE

We had great weather, a wonderful crowd along the route, and plenty of little patriots waving American flags. Only one Corvette rider; 95-year-old Major Jack Anderson, USAF Ret.

Text by Rick McGuffin Pics by Rob Sanders.

Red Lobster was the location for our Fall ladies' lunch on November 10th.

We had 14 CSCC members and one guest. It's always a great time where we can relax and converse with no time limit!! :-)

2027 Corvette Production News

2027 Corvettes Having Some Problems This Year

The 2027 Chevrolet Corvette Consumer Reviews highlight early production problems, most notably an oil leak from the new 6.7L LS6 V8 engine noted under GM service bulletin PIP6132. In addition, many reported electrical failures, dead batteries, and transmission module codes. [1, 2, 3, 4]

New 6.7L LS6 V8 ... Oil Leaks !

The Cause: According to Car and Driver on Facebook, GM service bulletin PIP6132 identifies a leak developing between the oil pan and the oil cooler adapter due to problematic seals.

Affected Models: Reported on the new naturally aspirated 6.7L V8 across the Stingray, Grand Sport, and Grand Sport X.

The Fix: Dealers replace two seals between the oil pan and oil cooler adapter. It is a warranty repair, not a formal recall. [1, 2, 3, 4]

Electrical & Battery Failures:

Dead 1,700-Mile Cars: Some owners report complete electrical failure where the vehicle becomes unresponsive, the battery won't accept a charge, and jumping yields only clicking.

Electrical Diagnostics: Early scans have also pointed to occasional transmission module communication and sensor codes. [1, 2]

Dealership & Market Pressures

Over-MSRP Markups: Many Dealerships are adding heavy markups, ranging from $20,000 to $50,000 on high-demand trims like the Grand Sport and Grand Sport X.

Warranty Rules:

GM can void the full warranty for future owners if cars are flipped too quickly. [1]

CHRISTMAS EVENT AT THE BUTTE THEATER IN CRIPPLE CREEK

Tom & Barb Hoeppner are again hosting a family and friends' event at the Butte Theater in Cripple Creek on December 13th.
Last year's response was amazing so we're going to use the same approach of inviting Club Members, your families as well as your friends and their families.

Here are the details:

Date: Sunday, December 13th (if you can't attend on the 13th, see the red text below)

Time: Show time is 1 pm

Cost: While we're hoping to get adult tickets for $18 and student tickets for $10, the non-discounted price gets reduced based on the number of tickets sold to our group.

- $30 for non-discounted adult tickets
- $18 for student tickets (18 and under)

- If there are 12-25 in our group, Ticket prices drop to $20 and $12. If there are 26+ in our group, Ticket prices drop to $18 and $10.

Payment: You will need to make payment to me before your preferred seats will be reserved in your name. You can pay through Venmo; by sending a check; or by paying Barb or I at the November Club meeting. (Note: We will not be at the December meeting as we'll be out of town.)

Before Show Lunch Plans: We will start working with restaurants in Cripple Creek to get reservations for lunch. We'll keep everyone updated on that effort.

If you can't attend on the 13th: If you want to see the Show on a different date using our discounted ticket rate, let me know which date/time you'd like to attend, and I'll coordinate the ticket purchase for you. To see other show dates, click on the following link, then select "Buy Tickets" to see the calendar. https://www.cityofcripplecreek.com/butte-theater

Seating Types and Chart: While a different group pre-booked numerous seats in the first 3 rows of the center section, the Butte Theater has now blocked some outstanding seats for our group. We have Tables 3, 4, 5, 6, 8, 9 and 10 all reserved for our group. We also have Row D, seats 101-105 in the center section, and all 5 seats in Rows D and E on the right side. (All Row D and E seats are slightly elevated and provide a great view.)

(Please see the Corvette Club Event Calendar for the December 13th event flyer.)

For Sale

- C7 Corvette owners: you know that sinking feeling... CRACK!
- Pothole. Road debris. Colorado roads, Bad luck. Suddenly that beautiful Corvette has a wounded wheel—and you're scrambling to find a replacement.
- Why wait until you need one? Keep this Corvette rim in the garage as your backup/spare and be prepared when the unexpected happens.
- Because the best rim to have when you crack a wheel is the one you already own.
- Asking $200
- Great to have on hand for peace of mind, or as a replacement when the inevitable pothole decides to pick a fight with your Vette.
    - Message me if interested: 940-367-1911 Colleen

Buy the rim. Avoid the panic. Keep the Vette rolling.

WINDOW TINT, CERAMIC COATINGS, PAINT PROTECTION FILM

INVESTING IN WINDOW TINT, CERAMIC COATINGS, AND PAINT PROTECTION FILM (PPF) IS A SMART DECISION FOR ANYONE LOOKING TO PRESERVE THEIR VEHICLE'S APPEARANCE AND LONGEVITY. WINDOW TINT REDUCES GLARE AND UV RAYS, PROTECTING BOTH YOUR INTERIOR AND SKIN FROM HARMFUL SUN EXPOSURE, WHILE ENHANCING PRIVACY AND ADDING A SLEEK LOOK.

CERAMIC COATINGS PROVIDE AN ADDITIONAL LAYER OF PROTECTION BY CREATING A HYDROPHOBIC SURFACE THAT RESISTS WATER SPOTS, BIRD DROPPINGS, AND ROAD SALTS, MAKING IT EASIER TO CLEAN AND MAINTAIN A GLOSSY FINISH. MEANWHILE, PPF OFFERS THE ULTIMATE SHIELD AGAINST PHYSICAL DAMAGE, SUCH AS ROCK CHIPS, ROAD DEBRIS, AND MINOR SCRATCHES, KEEPING YOUR PAINT PRISTINE WHILE HAVING EXCEPTIONAL SELF-HEALING PROPERTIES.

COMBINING ALL THREE—WINDOW TINT, CERAMIC COATINGS, AND PPF—ENSURES COMPREHENSIVE PROTECTION, HELPING PRESERVE YOUR VEHICLE'S VALUE AND APPEARANCE WHILE SAFEGUARDING IT FROM ENVIRONMENTAL FACTORS AND DAILY WEAR AND TEAR.

1. Answer: b; The iconic Silver Anniversary 1978 Corvette was introduced the exact same year of John Carpenter's classic horror masterpiece "Halloween".

2. Answer: c; The "Jake" Skull Logo has represented the Corvette Racing Team on track since the C6 generation. It was created to give the racing team a rebellious, pirate-like mascot that strikes fear into the competitors.

3. Answer: a; In the television show Lucifer, the devil himself, played by Tom Ellis, drove around Los Angeles in a classic, menacing Tuxedo Black first-generation 1962 Corvette.

4. Answer: d; The 1983 model year is the rarest Corvette ever, with only a single surviving prototype left in existence.

5. Answer: c; The C4 was removed by the SCCA after the 1987 series because other car brands grew frustrated that they couldn't win. They threatened to pull their cars, fans stopped coming, and advertisers lost interest because the outcome of every race was predetermined to be a C4.

6. Answer: b; Florida buys and registers the most Corvettes in the United States by total volume and per capita, closely followed by Texas, California, and New York.

7. Answer: c; The base retail price for a 1953 Corvette was a hefty $3,498. This was $1,000 more than a loaded 1953 Chevy Bel Air ($2,400) and triple the price of a 1953 Chevy pickup ($1,195).

8. Answer: a; The lowest base price for a 2027 Corvette is $73,495 for the entry level Stingray 1LT Coupe as reported by Motor1.com, representing a 20.01 times increase over the last 74 years. It is projected that around 25,000 total Corvettes will be built for 2027.

9. Answer: a; A mere 300 Corvettes, all in Polo White with Red Interiors rolled off GM's Assembly Line in 1953.

10. Answer: d; the C9 Chevrolet Corvette is expected to debut in late 2028 or early 2029, with official production and sales anticipated to begin in the summer of 2029 as a 2030 model.

Flashback Photo Stars for November 2026 are ... Joe & Jeannie Zaccagnino. They drive 3 Corvettes: a 2008 Yellow Coupe, a 2001 Torch Red Convertible and a 1987 Red Coupe

By comparison, other 4-speeds feel like a broomstick in a bucket of oatmeal.

Grasp the gearshift of a Corvette 4-speed gently but firmly. Shift it. See? No slop, no vagueness. Nothing but a smooth, short throw. Your hand imagines two machined surfaces gliding precisely across one another.

Snick! First. Click! Second. And so on. No wishy-washy "maybe I'm in gear and maybe I'm not" feeling. It's as positive as a Grand Prix car but as smooth as a sedan.

That's the way it ought to feel when you shift a sports car. Like shaking hands with a craftsman.
